

## **Department of B.Com**

### **About the Department**

The Department of Commerce, Madurai Kamaraj University was established during the academic year 1981 - 1982. The department offers three years Bachelor of Commerce (B.Com) under the Choice Based Credit System (CBCS). Core and elective papers from fields of accounting, management, finance, marketing and human resources are offered through this programme. The skill based courses such as statistics; quantitative techniques for decision making, accounting practices, and business research methodology are also offered to improve students' technical skills. Students have to prepare a project work/module during the last semester. The curriculum aims are to develop professionals in the fields of academics and businesses as employees and entrepreneurs. The students will be provided exposure by way of industrial visits, internships, training and educational trips.

### **Vision**

- To provide contextually relevant commerce education

### **Mission**

- To give a perspective through value based education for social transformation.
- To train them with required skills for self-employment
- To prepare students for higher education in Commerce and Business Studies

### **Highlight of the Department**

- In addition to conventional method of teaching, charts, internet, LCD are also used as and when required. Feedback from students and that reflect the level and scope for further improvement.
- Besides learning in theory classes, students also learn themselves by using computers, internet services, tutorials/homework, project work assigned to them, also help in independent learning. Students learn a lot during tours.
- The subject knowledge of students is evaluated through internal tests, group discussions, oral tests and assessment of practical work, practical records, and project work/tutorials. Final evaluation is through the University examinations conducted at the end of semester for the courses run under semester pattern and at the end of academic year for courses under annual pattern.
