### **PREAMBLE**

It is the desire for a successful career brings out the best in every individual. It is always the best in every the level headed and straight thinking people who achieve what they aim for. All they need may be is the right advice or a break at the beginning of their career.

Choosing the right career can be a daunting task! Especially when you are in school/college or just out of college we are sure most of you must be facing the dilemma of whether you should take up a job after your studies or obtain professional training. No matter how your language proficiency is! It all depends on the basic interest and service mind. Good training today hold the key to the future success

India is replete with opportunities in the field of tourism. Literally each one of our district has some sights to see some events of tourism interest but the necessary infrastructure and personnel to move the traffic is woefully lacking. To bridge the gap, PMT COLLEGE Dept of Hotel Management and Catering Science, one of the acknowledged pioneers in the field of education set up an department for Hotel Management to assimilate knowledge in Hospitality Industry and create professionally trained man power to meet the ever increasing demand of the industry. It is time that you come out of your veil and think of international status through Modern technological practices. They offer you the opportunities to broaden your knowledge, Learn new skills and develop your achievement in our college.

Malaysia

fun. family. forever.

Now, we have the method of conducting campus interview by the reputed hoteliers in India and abroad to fine placement for our wards in their prestigious, Star hotels, Airlines, Cruises, Resorts and other related field. For outstanding, meritorious students placement in leading star hotels is assured.

We arrange passports when the course is completed only against the terms and conditions and also the college guides the suitable student to get an opportunity to move abroad.

## TRAINING & PLACEMENT

During the course of study it is mandatory for each student to undergo Industrial exposure training in various Star Hotels & Related Industries in India and abroad.

This is done by our own training and placement cell which is having regular contact with leading Hotel chains, Airline Companies & catering Industries.

We assure jobs for our students after their successful completion of course

## FACULTY

Good faculty from the most important and decisive feature of any training institute. Faculty at PMT College Dept of Hotel Management are professionally with a meritorious track record in academics and with years of experience, from different sectors of hospitality industry so as to ensure the best possible exposure. We regularly invite persons from the field to interact with our students. Managers administrative officers of leading star hotels and companies in India and abroad are our resource persons

## LAB FACILITIES

Experiments are practical training from the nucleus of Hotel Management studies. Hence PMT College Dept of HMCS were provided with an hi-tech laboratory system where our students are to experiment with all that they receive in the classroom.

(Our model Restaurant is highly equipped with the latest requirements of International standard which help the students to know and experience in practical.

This enable them to face the Global competition in Hospitality Industry. Here our students get the five star ambience and training.

## LIBRARY

PMT College has a well balanced library which houses exclusive collection of reference books on all major studies.

Besides, our usual collection on Hospitality and Tourism.

The use of library is incorporated into the general curriculum.

## HOSTEL FACILITY

We treat our wards as member of our PMT College family. Highly nutritious food is offered to our wards on a low budget on sharing basis. In our college, the hostelries make a sweet home
